Hello! My name is Josh and I'm 11 years old. My **mom** is Sally and my **dad** is William. I have two **siblings**: a **sister** called Amy and a **brother** called Ben. Amy is 8 and Ben is 6. We are very close.

My **grandparents** are Sarah and Peter, and I don't know exactly how old they are. But they are old.

They had three kids: my **uncle** John, my **auntie** Anne and my **mom**.

John is married to Sue and they have a **son** called Tim. He is a lovely child, and my favorite **cousin** too. He is 4 years old.

Anne is married to Frank and they have a **daughter** named Jessica, and she is 7. Jessica is a nice **cousin**, but she is very close to my sister Amy. They like the same kind of music and the same TV shows.

Granny Sarah always cooks delicious meals for us, and we visit her every weekend. She tells us the things she lived when she was young. **Granddaddy** Peter is fun and he loves playing with us. He teaches us to fish at the lake and to take care of the nature. He says it's important for us to take care of our home, our Earth.
