## Thanks for Downloading from SweetSoundEffects.com

**Created by Zach King**

Hey, I hope you enjoy the Sweet Sound Effects Library!

If you have any questions or comments about the sound effects, please forward those to the FinalCutKing facebook page which you can find above. My team and I will always be updating the website with new sound effects so be sure to check the site when you need new sounds.

You may use the sound effects from the website for both personal and commercial use. My team and I would be thrilled if you give us credit for the sounds in your video but you are not obligated to do that. The only rule is that you do not sell the sounds at all...because you'll get in some trouble.

But enough with the rules. Good luck with your filmmaking and say hi to me on twitter.
