O que é o método Blue English?

Durante meus primeiros anos de ensino em escolas de idiomas, percebi que muito do que era visto em sala de aula acabava sendo perdido, por mais intensa que a aula fosse ou mais concentrado que o aluno estivesse.

Grande parte do vocabulário utilizado em aula acabava sendo esquecido pelo aluno posteriormente, e boa parte dos acertos de pronúncia também.

Ao longo da minha experiência de ensino e vivência tanto nos Estados Unidos e na Inglaterra, desenvolvi uma metodologia própria e extremamente eficiente, na qual, os alunos realmente aprendem o idioma e não o esquece.

Este método foi lapidado por mim ao longo dos anos, e hoje, proporciona ao aluno a absorção quase que completa do conteúdo visto em aula, fazendo com que ele agregue rapidamente vocabulário, domínio de pronúncia, domínio de escrita, compreensão oral e poder de articulação verbal.
