

In the competitive Instagram, posting regularly is critical to increase engagement and earn you more followers.

If you are looking to grow your page, it's important you post frequently and consistently to keep your audience engaged with great content and keep your brand front of mind.

Simplify your Instagram marketing with our ready-to-use templates. In only a few steps create your own design that's ready to post to your Instagram, leaving you with hours of free time to focus on what you love.

TO START YOU WILL NEED A FREE CANVA ACCOUNT.

CANVA is a graphic design application available online at www.canva.com. It is easy to learn and features an intuitive drag-and-drop interface that is perfect for non-designers. No software required, access your templates from any device.

LINK TO ACCESS TEMPLATES:

https://www.canva.com/design/DAEVqyxD7u0/nHCff6CacZorTKoM2klvEg/view?utm_content=DAEVqyxD7u0&utm_campaign=designshare&utm_medium=link&utm_source=sharebutton&mode=preview

HOW IT WORKS

- Use the link to access the templates
- By clicking the link you will be redirected to the template in Canva. Start editing and customizing your template. You can edit anything you would like including images, elements, fonts, and colors.
- Once you are done editing your file you will be able to save and export it.
- Upload file to your account.
- You can edit your template over and over again as needed.

Will template work in Canva mobile app?

- Yes, but please use the desktop version of the app to access and edit this template for best results.

This is because some features used to create this template are not yet available in Canva Mobile app. You may therefore experience some technical issues when trying to access or edit the template on your mobile phone.

Best wishes, CONTENTdesign
