

# TUTORIAL

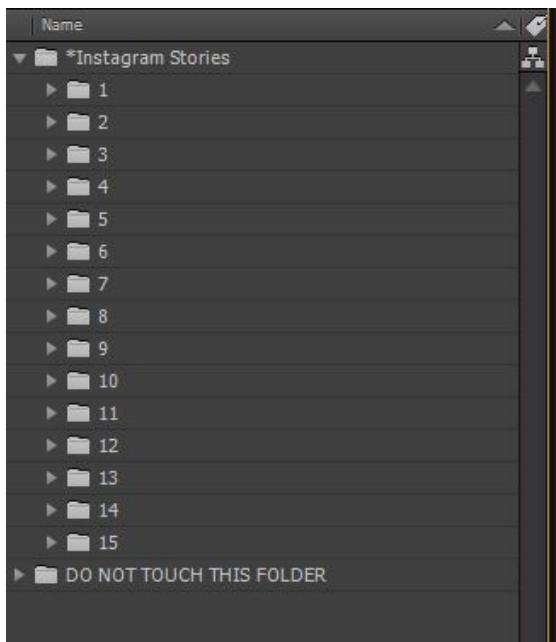

## Instagram Stories

Inside the AE Project you will find the “Instagram Stories” and “DO NOT TOUCH THIS FOLDER” folder.

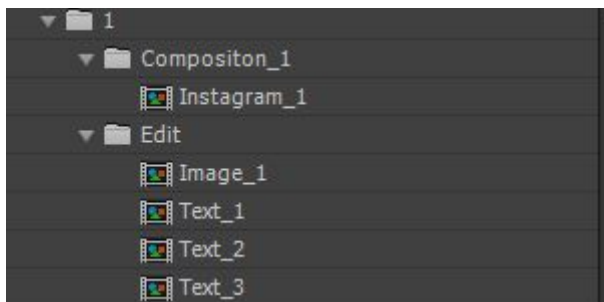

Do not touch folder named **DO NOT TOUCH THIS FOLDER** :)

Inside Instagram Stories you will find 15 folders.

In each folder there is Composition folder and Edit folder

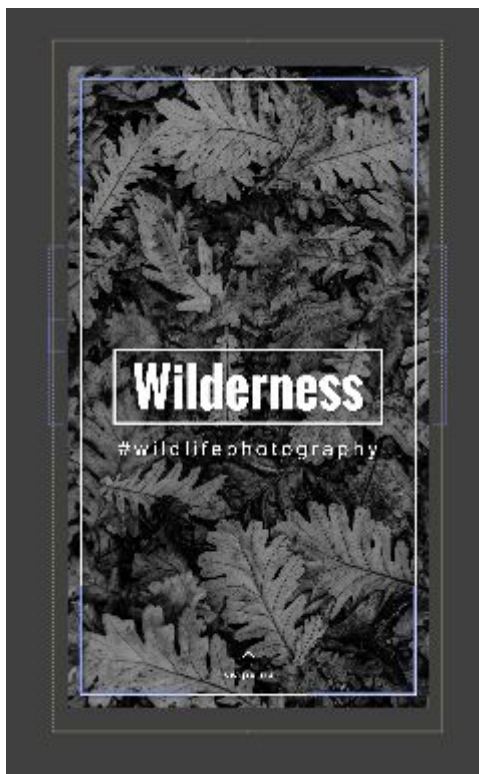

Drag your image into Image composition, adjust it size

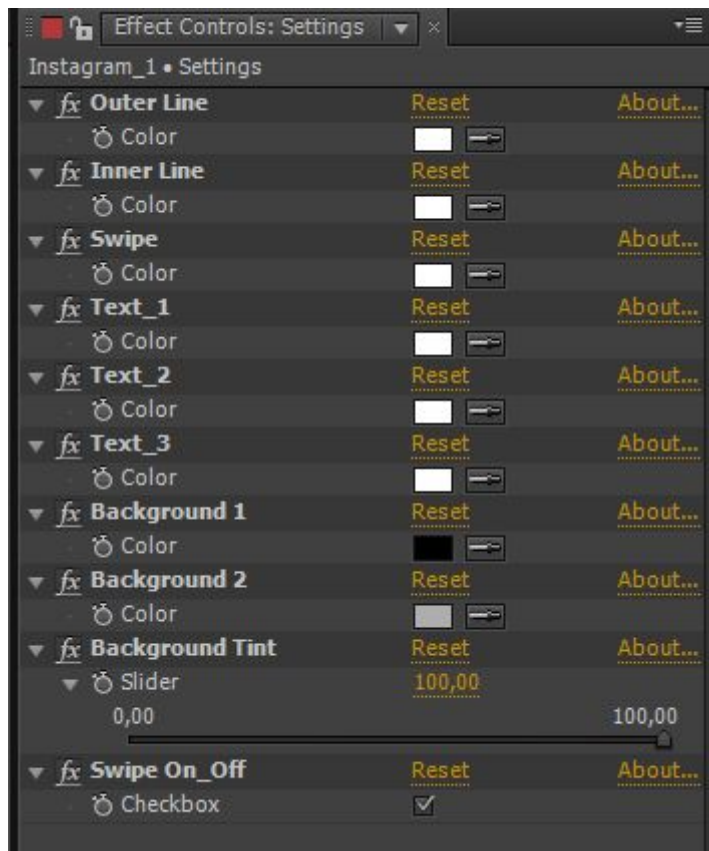

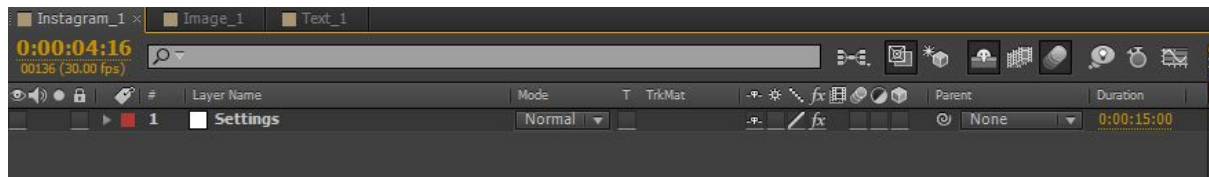

In Text compositions change your text

In Instagram\_(number) you will see your changes and final composition look.

Inside Instagram\_(number) composition, in settings layer you can change colors of text, lines and background tint or gradient ramps.

You can turn of Swipe text and arrow by pressing Swipe On\_Off in Settings
