VM Labels

Your accounting department wishes you to create Google Compute Engine instances with a label that has the key of 'department' and the value of 'development', to assist with tracking the instances you create. Which of the following options is the best way to apply labels to those instances?

Selecione uma alternativa

A	After the instance has been created, go to the instance details page and edit the labels section.

B	Write a command line script to apply labels to any newly-created instances.

C	When creating the instance you will add this label under the 'Labels' section.
